Sunscreen lotion
Mosquito and tick repellent
Flashlight
Laundry bag
Small daypack for trips away from the Farm
Personal water bottle

*Enough clothing, bedding, and towels should be sent along to last for two weeks without washing. To avoid confusion about ownership, all items should be marked with initials or full name. Girls staying longer than two weeks will be able to send laundry out each week after their first week. Laundry is usually picked up on Mondays and returned clean on Tuesdays.

Please Note: If possible, girls thirteen and a half years and older should pack their belongs in suitcases or plastic containers that are not higher than 9 1/2" when laid flat, as these containers will fit nicely under the bunk beds in the Cape Cod House. The bunk beds in the Cabins/ Dormitories have a clearance of 14 1/2". Please keep in mind that each room has dressers and every girl will have 1 or 2 drawers in which to keep a portion of her belongings.

Please Also Note: Due to their disruptive effect on the atmosphere at the camp, campers are not allowed to have cell phones. Any girl using public transportation to get to and from the camp is welcome and encouraged to have a cell phone for her travels, but she must leave it with the camp director for safekeeping while at the Farm.

Sage Advice: As Road's End Farm is a working horse farm, there is no reason for campers to bring expensive clothes or cherished items to the camp only to run the risk of having them destroyed, shrunk, or lost. Please let common sense and comfort be your guide in choosing what your camp wardrobe will include. Inasmuch as enthusiasm, good humor, and a ready smile will stand you in far better stead around the Farm than will the latest pair of designer jeans, please be sure to bring plenty of the former so we may all make the most of our time together this summer. Thank you.
