Dear Parent's of R.E.F. Campers,

Each summer we attempt to designate a portion of Road's End Farm's camp fees for charity purposes. Rather than giving directly to the charities, we usually have several of our camp families make contributions of their camp fees. Inasmuch as some of those families also have breadwinners who work for companies that kindly match their employees' charitable contributions, there is a method to the madness of our ways in this respect. So as to maximize this year's gifts to charity, we would like to make full use of any matching grants that may be enjoyed by the parents of our campers. Therefore, if you are employed by a company that is gracious enough to match your gifts to recognized charities and you would like your daughter's camp fee used for that purpose, please let us know at your earliest convenience so that we may plan accordingly. Of course, should we decide to earmark all or part of your daughter's camp fee for a particular charity, I shall call you beforehand to make sure that the organization to be supported is one that meets with your approval.

Hopefully, in view of the continuing tough circumstances being experienced by the less fortunate in our midst, together we will again be able to lend some financial assistance to some worthwhile charities. Naturally, I wish to thank you and your respective companies in advance for whatever efforts you make to join us as we share the rewards of the wonderful blessing that we have enjoyed in life with other folks, many of whom have been as deserving but certainly not as lucky as we have been.

Very cordially yours,

Thomas E. Woodman
